

HPTA Update: Support the Innovative Feed Enhancement and Economic Development (FEED) Act

Dear HPTA Members,

We have exciting news to share. HPTA has joined [AFIA](#) along with numerous industry leaders in signing a [letter](#) supporting the Innovative Feed Enhancement and Economic Development (FEED) Act of 2023 (S. 1842 and H.R. 6687). This bipartisan legislation aims to modernize the regulatory review process for innovative animal feed ingredients.

Your Action is Needed:

We urge you to add your voice to this crucial effort. Please contact your congressional representative and express your support for the Innovative FEED Act. Let them know that this legislation is vital for our industry and American agriculture.

Why It Matters:

The Innovative FEED Act will streamline the approval process for non-nutritive animal food ingredients, allowing them to be evaluated as food additives. This change will benefit American farmers and ranchers, enhancing their competitiveness globally and ensuring access to innovative technologies.

Take Action Today:

Your support can make a significant impact. Use the [form](#) developed by AFIA, which HPTA has a reciprocal relationship with, to help you in your advocacy efforts.

Stay Informed:

We will continue to keep you updated on further developments related to this critical legislation. Thank you for your commitment to the humic substance industry.

Best regards,

HPTA Board
